01	**To confirm the previous minutes of meetings (IQAC/2022-23/04) and review on action taken report** **Discussion and Resolution:** IQAC Coordinator welcomed all members to the meeting. With permission of chairman, the IQAC Coordinator discussed the agenda of the meeting in his opening remarks. The previous minutes of meeting (Meeting-4, 2022-23, September 15, 2023) and review on action taken report was discussed and confirmed by all members of IQAC.
02	**To discuss NBA-Civil expert team observations** **Discussion and Resolution**: IQAC Coordinator presented the NBA-Civil expert team observations. **Observations of Chairman: -** Strength: - 1. Infrastructure wise good campus. 2. Faculty retention is good. 3. Super 30 concept is remarkable. 4. Library with good ambience and sufficient resources.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Opportunity to Improve: - 1. Program specific infra is less. 2. Sports facilities are negligible. 3. Collaborative R and D activity with external agencies is very less. 4. Industry footprints missing. 5. Alumni contribution is not visible. **Observations of Program Expert: -** Strengths: - 1. Vision and Mission are consistent with institute vision and Mission. 2. PEOs are well defined. 3. Young and Enthusiastic faculty with good cadre ratio. 4. The Annual Appraisal scheme is well implemented. Opportunity to Improve: - 1. More OBE awareness is required among faculty. 2. Stakeholders involvement in framing Vision and Mission is very less. 3. Analysis of various feedback is missing. 4. Success Index without backlog is very low. 5. Training needs to be provided to Technical staff. **Responsibility:** Director, Dy. Director, Registrar, Deans-Civil Engg, Dean QA, NBA Coordinator
03	**To discuss about NAAC Peer Team observations** **Discussion and Resolution**: IQAC Coordinator presented the NAAC Peer Team observations. 1. Implementation of OBE (CO with BT levels) 2. Weightage for internal examination is higher than external 3. Publications are less 4. Negligible research projects and research facilities 5. Faculty with PhD are less 6. Indoor sport facilities are limited 7. Hostel facility for students 8. Residential facility for staff 9. Approach road **Responsibility:** Director, Dy. Director, Registrar, School Deans, Dean QA
04	**To discuss implementation of the NEP 2020 curriculum from the academic year 2023-24** **Discussion and Resolution:** IQAC Coordinator presented the curriculum structure implemented from the academic year 2023-24 as per NEP 2020. Detail Structure is given in Annexure-1 **Responsibility:** Deputy Director AR, School Deans
05	**To discuss the value-added courses planned for the academic year 2023-24** **Discussion and Resolution**: IQAC Coordinator briefed about the value added courses planned by schools for AY 2023-24. It is decided that, each school need to identify value added courses and ensure that all students take part and get benefitted.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Details of value added courses planned are given in Annexure: II **Responsibility:** School Deans
06	**To discuss about slow and advanced learner's methodology adopted for the academic year 2023-24** **Discussion and Resolution:** IQAC Coordinator presented the methodology adopted by schools to identify slow and advance learner's during academic year 2023-24. Details are given in Annexure – III **Responsibility:** School Deans
07	**To discuss about stakeholder's feedback on curriculum (2023-24)** **Discussion and Resolution:** IQAC Coordinator about the stakeholder's feedback on curriculum for academic year 2023-24. Collection of stakeholder's feedback on curriculum is a continuous process and every year all schools should collect feedback, do the analysis and implement the same by incorporating in curriculum while revising the curriculum. Details of Feedback are given in Annexure – IV **Responsibility:** Dy. Director AR, School Deans
08	**To discuss student's feedback on infrastructure and action taken on suggestions/ comments (2023-24)** **Discussion and Resolution:** IQAC Coordinator presented the student's feedback on infrastructure facilitie and action taken on suggestions/ comments Details are given in Annexure – V **Responsibility**: Registrar, School Deans
09	**To discuss about R&D activities (Quarter-1: 2023-24)** **Discussion and Resolution:** IQAC Coordinator presented the R&D activities like Patents Granted, Research Paper Publications, etc. It is discussed that quality publications by faculty and students has to be increased. Details are given in Annexure – VI **Responsibility:** Dean R&D, All School Deans
10	**To discuss about T&P activities (Quarter-1: 2023-24)** **Discussion and Resolution**: IQAC Coordinator presented the status of student's yearlong internship and placement for year 2023-24. Year Long Internship Program (YLIP) Status 2023-24: 169 / 760, Placement Status 2023-24: 140 / 760 Details are given in Annexure – VII

MIT ACADEMY OF ENGINEERING Alandi (D.), Pune- 412105

	Responsibility: Dy. Director CR
11	**To discuss about Alumni activities (Quarter-1: 2023-24)** **Discussion and Resolution** IQAC Coordinator also presented the Alumni activities (2023-24) Following activities are conducted: 1. Expert talk on Technical topics 2. Talk on How to face Competitive exams i.e GATE, GRE etc. 3. Product Audit 4. Invited as an external examiner 5. Alumni meet at school level 6. Workshop for students 7. Provided guidance on club activities. **Responsibility:** Alumni Coordinator
12	**To discuss about Students activities (Quarter-1: 2023-24)** **Discussion and Resolution:** IQAC Coordinator threw light on status of student activities for 2023-2024. 1. Discuss about Searching & Finalization of Vendor for T-Shirt Printing for Sports Competition. 2. Tech-Fest to be organized in the Month of Feb 2024. 3. Discuss about providing Indoor sports facility to all students all the days including Sunday. Sports director can use student allocated to him under E & L scheme. 4. E&TC and ETX	Feedback taken for all the courses which are included in the curriculum, as course exit feedback. No specific feedback received on curriculum from student's side.	Summary of feedback given by teachers, Need to add more contents related to IIoT Introduction of STM Need to upgrade as per the industry requirement Course contents are vast to cover in stipulated time More options for skill courses	Arrange the training for SQL Skills of cloud with any platform need to be included. Rigorous training on IoT fundamentals to arrange.	Product implementation based topics can get included in curriculum. Topics related to cyber security must be there. EDA tool can be the part of lab sessions. Verilog, System verilog, UVM, can get covered in VLSI course	Training are arranged for SQL by industry experts Skill courses related to cloud is included in curriculum Workshop and guest lectures are organized based on IoT. Feedback taken and changes carried are reflected in CDR file of each course. Topics related to IIoT are included in new course EI at SY level. Topics related to STM are included in new course contents. For up gradation as per the industry requirement, more skill courses options are given to students. Industry experts are appointed for teaching the courses. Course like Design thinking is included in new curriculum. Electronic workshop is the course will help the students for product development EDA tool and Verilog is already covered in previous revision and it will get continued in coming revision 2022 , with minor modification.
Mechanical	Course Material to be available in advance. The employability courses may be added. More emphasis on practical / skill courses may be given.	More Industrial visits and trainings need to be arranged. Trainings may be provided to meet the state of art technology.	Need more research and practical related orientation programs. The following members were present for the meeting,

1. Prof.(Dr.) Mahesh D. Goudar
2. Prof.(Dr.) Shitalkumar. A. Jain
3. Prof.(Dr.) Sunita S. Barve
4. Prof. Sunilkumar.M.Bhagat
5. Prof. Avinash Bhalerao
6. Prof.(Dr.) Abhijeet Malge
7. Dr. Vaishali Wangikar

MIT ACADEMY OF ENGINEERING Alandi(D.) Pune-412105

8. Dr. Shyam Shukla
9. Prof. (Dr.) Rajeswari Goudar
10. Dr. Sandeep Shewale
11. Prof.(Dr.) Dipti Sakhare
12. Prof.(Dr.) Prafulla Hatte
13. Mr. Shridhar Khandekar
14. Mrs. Vandana Khandelwal
15. Prof.(Dr.) Anant Chakradeo (online)
16. Mr. Mangesh Hambad
17. Mr. Pravin Pawar (online)
18. Dr. Suyogkumar Taralkar

Other Invitees

19. Mr. Pranmya N. Yelikar
20. Mr. Peeyus Kumar

The leave of absence was granted to following members

21. Mr. Girish Bora
22. Dr. Arika Kotha
23. Prof.(Dr.) Balasaheb. Waphare
24. Ms. Srushti Jadhav
25. Mr. Anil Bhat

01	**To confirm the previous minutes of meetings (IQAC/2022-23/04) and review on action taken report** **Discussion and Resolution:** IQAC Coordinatorwelcomed all members to the meeting. With permission chairman, the IQAC Coordinator discussed the agenda of the meeting in his opening remarks. The previous minutes of meeting (Meeting-4, 2022-23, September 15, 2023) and review on action taken report was discussed and confirmed by all members of IQAC.
02	**To discuss NBA-Civil expert team observations** **Discussion and Resolution**: IQAC Coordinator presented the NBA-Civil expert team observations. **Observations of Chairman: -** Strength: - 1. Infrastructure wise good campus. 2. Faculty retention is good. 3. Super 30 concept is remarkable.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	4. Library with good ambience and sufficient resources. Opportunity to Improve: - 1. Program specific infra is less. 2. Sports facilities are negligible. 3. Collaborative R and D activity with external agencies is very less. 4. Industry footprints missing. 5. Alumni contribution is not visible. **Observations of Program Expert: -** Strengths: - 1. Vision and Mission are consistent with institute vision and Mission. 2. PEOs are well defined. 3. Young and Enthusiastic faculty with good cadre ratio. 4. The Annual Appraisal scheme is well implemented. Opportunity to Improve: - 1. More OBE awareness is required among faculty. 2. Stakeholders involvement in framing Vision and Mission is very less. 3. Analysis of various feedback is missing. 4. Success Index without backlog is very low. 5. Training needs to be provided to Technical staff. **Responsibility:** Director, Dy. Director, Registrar, Deans-Civil Engg, Dean QA, NBA Coordinator **Action By: Dean-Civil Engg** **Action Taken:** 1. One class room in any floor above the basement for theory is proposed. 2. Sports equipment purchased by FORCES (Student body) and made available to students. 3. Initiated discussions with NIT Surat for R & D collaborations. 4. Increased the visits to industries for students and faculty collaborations. As a result, SCvE received one consultancy project (Rs. 3.5 Lakh) from M/s Siddhi Consulting Engineers Limited. 5. 10 Internship-placement (AMS Concrete Consultant) and 04 (Internship-Ampar Group) supported by alumni. 6. OBE audit is conducted by an external expert in the department. Separate labl and theory COs are framed as per the suggestions of the expert. 7. Actually the point is related to the assessment of CO-PO. The point is well noted and planned to take parents feedback from this year onwards. 8. Analysis and action taken report is planned for various feedbacks as an integral part of system. 9. Attempts are made to identify the weak students and providing them additional support in terms of counseling and doubt clearing sessions. 10. Counseled all the technical staff for the importance of training and identify the training needs.
03	**To discuss about NAAC Peer Team observations** **Discussion and Resolution**: IQAC Coordinator presented the NAAC Peer Team observations.

Implementation of OBE (CO with BT levels)
Weightage for internal examination is higher than external
Publications are less
Negligible research projects and research facilities
Faculty with PhD are less
Indoor sport facilities are limited
Hostel facility for students
Residential facility for staff
Approach road

Responsibility: Director, Dy. Director, Registrar, School Deans, Dean QA

Action by: Dy. Director-AR, Dean R&D, Registrar

Action Taken:

Sr.No.	Observations	Action Taken
1	Implementation of OBE (CO with BT levels)	1. Faculty Awareness Sessions are organized 2. Certification Courses are identified and faculty members are doing these courses 3. OBE implementation is verified in every school by organizing Academic Audit 4. Course Outcome with BT levels is a regular process
2	Weightage for internal examination is higher than external	Weightage of the internal/interim and Mid Semester assessment is 50% and End Semester Assessment is 50%
3	Publications are less	1. The research guidance seminar series started. 2. A research incentive scheme for quality publications is started. 3. Research video content creation is started to create awareness of research publications.
4	Negligible research projects and research facilities	The Centers of Excellence are being developed in each school providing student support for research and projects. Research software are used commonly by all schools. Industries are being connected to explore the opportunities for research projects.
5	Faculty with PhD are less	presently there are 71 Phd faculty it is more that 30%. Recruitment is continuous process
6	Indoor sport facilities are limited	Now the indoor area is covered and the facility is also improved.
7	Hostel facility for students	Identified three hostels having capacity 100 each. agreement will done shortly
8	Residential facility for staff	campus is non residential campus
9	Approach road	Facelift of the campus will start including the approach road. vendor is also identified

To discuss implementation of the NEP 2020 curriculum from the academic year 2023-24

Discussion and Resolution: IQAC Coordinator presented the curriculum structure implemented from the academic year 2023-24 as per NEP 2020.
Detail Structure is given in Annexure-1
Responsibility: Deputy Director AR, School Deans

04

Action By: Dy. Director-AR

Action Taken:

1. Curriculum Structure Revisions 2023 NEP and Revision 2022 are approved after being presented in BOS, Academic Council, and Governing Body.
2. The Implementation is done smoothly for all courses as per newly introduced revision.

To discuss the value-added courses planned for the academic year 2023-24

Discussion and Resolution: IQAC Coordinator briefed about the value added courses planned by schools for AY 2023-24. It is decided that, each school need to identify value added courses and ensure that all students take part and get benefitted.

Details of value added courses planned are given in Annexure: II

Responsibility: School Deans

Action By: School Deans

Action Taken:

School	Name of Value added courses	No. of beneficiaries (Students)	Duration (hrs)	Date of conduction (from –to)
Chemical	Environmental Management Systems and Energy Management Systems	70	40	29/01/2024 - 02/02/2024
Computer	Social media and Security (120) Sustainable Engineering Development(120)	240	40	29/01/24 - 02/02/24
Civil	Smart Cities-Sustainable development	70	40	29/01/24 - 02/02/24

To discuss about slow and advanced learner's methodology adopted for the academic year 2023-24

Discussion and Resolution: IQAC Coordinator presented the methodology adopted by schools to identify slow and advanced learner's during academic year 2023-24.

Details are given in Annexure – III

Responsibility: School Deans

Action By: School Deans

Action Taken:

School	Methodology Adopted	No. of slow learners (FY, SY, TY, Final Year)	Activities conducted for slow learners	No. of Advanced Learners ((FY, SY, TY, Final Year))	Activities conducted for advanced learners
Chemical	Concept test, Surprise test are conducted by class teacher at start of Sem. Questions in the tests are based on pre requisite courses. https://drive.google.com/file/d/1Vw-g_rhfhT3z5tF2TIYrAjZ75Apaf7C9/view?usp=sharing	SY: 3 TY:4 BTECH:8	Make up classes were conducted for SY and TY classes, Doubt clearing session SY: 05 (Make up classes) TY & BTECH: 02 (Make up classes)	SY: 14 TY:27 BTECH:24	Paper Publication, Motivation to Participate in SCHEMCON Events, Gate Coaching guidance
Computer	Prerequisite survey conducted at the start of semester, Result of previous semester	SY:20 TY:12 BTECH:10	SY,TY and BTECH: Group activity, Doubt clearing session,practical/ project activity/ Problem solving	SY:25 TY:20 BTECH:15	Paper Publication, Participation in Hackathon, participation in project competitions

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Design	For Foundation year- B. DESIGN CET score. Out of 200 marks, Below 75 is considered as slow learner. Above 105 is Advance learner. For 2nd year and onwards- courses are divided into SKILLS based and TECHNOLOGY based, in which previous semester's internal marks are considered to identify students. Below 55% is slow learner. Above 75% is Advance learner	FY: 15 SY: 11 TY: 9 B Des: 4	For FY students- More time & more practice for skill based courses for One to one inputs from faculty for 3 students of FY For SY & TY students- Team of 3-4 students for Research & presentation to share load and support peers. For B Des students, Extra time given for work + indepth discussions & inputs on critical areas of study.	FY: 45 SY: 21 TY: 14 B Des: 9	Involved them in design related cocurricilar activities. Early inputs on portfolio making and review. Allowed them to take up complex projects and outcome from it.
	E&TC	Formative assessments,Pre-quiste tests, Assessment reforms are carried out.	10-25%	Problem Solving /make up classes one to one interactions in counselling in class participative interaction		3 patents are selected for further process of drafting
	Humanities & Engg Science	Course wise Diagnostic test	FY: 20-22%	practice sessions, expert sessions	FY: 22-25%	projects, participation in competitions
	Mechanical	Diagnostic Test, Formative tests	20-30%	Doubt clearing sessions	20%	BAJA/EKart/Project competition

07	**To discuss about stakeholder's feedback on curriculum (2023-24)** **Discussion and Resolution:** IQAC Coordinator about the stakeholder's feedback on curriculum for academic year 2023-24. Collection of stakeholder's feedback on curriculum is a continuous process and every year all schools should collect feedback, do the analysis and implement the same by incorporating in curriculum while revising the curriculum. Details of Feedback are given in Annexure – IV

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

Responsibility: Dy. Director AR, School Deans

Action By: School Deans

Action Taken: Stakeholder feedback and reviews is a predefined process as per Curriculum Structure Design and Course Design Record. Following are the details of the same,

School	Specific Action on Feedback as per annexure				
	Faculty	**Students**	**Alumni**	**Parents**	**Industry**
Chemical	Process design principle can be offered as one of the elective courses. Action Taken: Suggestions are taken into consideration and implemented into new NEP 2024	Allowing students plenty of preparatory time for practices and outdoor activities Action Taken: Library hours (Preparatory time practices) have been considered.	Develop a course to assess student interests for positive engagement. Include a course focusing on process safety. Make program electives more practical rather than theoretical. Action Taken: Suggestions are taken into consideration and implemented into new NEP 2024	No any major suggestions provided Minor suggestions: Homework and assignment would be given. Action Taken: Suggestion implemented in the activities.	Industrial visits or virtual tours would be beneficial. Guest sessions would be helpful. Action Taken: Based on the suggestions, we embedded the tours and expert sessions in all courses.
Computer	Number of assignments and activities reduced	Number of assignments and activities reduced from 6 to 4	Skill based and industry oriented courses namely Redhat Linux, .NET, AWS, Android Application Development,OOP(C++,Java),Adv. Java included in curriculum	No major suggestions from parents and appreciated about the club activities and hands on sessions	Open elective tracks based on current industry needs(AI/ML/ Data Science /Cyber security) are introduced
Civil					
Design	No of assignments reduced by 10% to focus on creative output at each stage. (For FY)	Complete schedule of the individual courses and expected output well defined in quantities & format as well.	Indepth research required during the first phase, more technical exposure is required. If possible, consider only one common project/product for the majority of the courses.	More help on Internship opportunities.	Punctuality, time bound activities and output thoroughly done with detailing required for manufacturing/publishing.
E&TC	The assessment and pedagogical reforms are	Problem solving sessions are introduced,	Java and Verilog skills were suggested to be	Emerging trends are	To incorporate the

	introduced	Electronics skills are enhanced through Electronics workshop	given to the students	introduced	suggestion of addressing the up to date needs of industry, the courses like cloud computing are delivered by the industry experts.
Humanities & Engg Science	Extra practice labs are provided for computational subjects for non circuit branches	Provision of ample preparatory leaves for making more practice time to students	Peer teaching learning strategy is adapted for in-class activities for better understanding	Introduction of Emerging areas to FY students	Make-up sessions/ practice sessions are part of time table
Mechanical	Number of core courses should be increased, Project based learning pedagogy for better learning	More skill based courses, Internships	Fundamental courses need to focused upon. Industrial exposure through internships	Collaboration with National/International Institute for Student exchange, Emerging Area courses, Professional skills enhancement	Yearlong internships, courses focused on Industry 4.0, More Practical exposure

To discuss student's feedback on infrastructure and action taken on suggestions/ comments (2023-24)

Discussion and Resolution: IQAC Coordinator presented the student's feedback on infrastructure facilities and action taken on suggestions/ comments

08 Details are given in Annexure – V

Responsibility: Registrar, School Deans

Action By: Registrar

Action Taken:

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

Sr.No.	Suggestions received	Action Taken
1	wifi should be provided in each building	Floorwise Wifi Router is installed with 100 mbps and 200m
2	Lunch time should be increased	Staggered time table is prepared
3	Cleaning of washroom	Outsource staff is cleaning periodically
4	Fans are not working	Replaced by New fans and some of the fans are repaired
5	Lift is not working	AMC is given for maintenance
6	Sport facility should be increased	Additional ground is taken on rental . also indoor and outdoor facility is increased
7	PC are not working	300 new PCs costing 4CR are purchased
8	Drinking water quality	AMC is given for maintenance of RO plant.

09

To discuss about R&D activities (Quarter-1: 2023-24)

Discussion and Resolution: IQAC Coordinator presented the R&D activities like Patents Granted, Research Paper Publications, etc. It is discussed that quality publications by faculty and students has to be increased.

Details are given in Annexure – VI

Responsibility: Dean R&D, All School Deans

Action By: Dean R&D

Action Taken:

1. Three-day patent drive is conducted in Feb 2024. Identified 25 patents to be filed in April 2024.
2. A research awareness session series is started to promote research awareness.
3. A total of five patents have been granted in this academic year, till date.

10

To discuss about T&P activities (Quarter-1: 2023-24)

Discussion and Resolution: IQAC Coordinator presented the status of student's yearlong internship and placement for year 2023-24.
Year Long Internship Program (YLIP) Status 2023-24: 169 / 760,
Placement Status 2023-24: 140 / 760

	Year Long Internship Program: 169 / 760 Semester Long Internship Program: 475 / 760 Placement : 242 / 760
11	**To discuss about Alumni activities (Quarter-1: 2023-24)** **Discussion and Resolution** IQAC Coordinator also presented the Alumni activities (2023-24) Following activities are conducted: 1. Expert talk on Technical topics 2. Talk on How to face Competitive exams i.e. GATE, GRE etc. 3. Product Audit 4. Invited as an external examiner 5. Alumni meet at school level 6. Workshop for students 7. Provided guidance on club activities. **Responsibility:** Alumni Coordinator **Action By:** Alumni Coordinator **Action Taken:** Alumni are invited for product audit for effective engagement with students and faculty. Silver Jubilee batch alumni felicitation is planned so as to connect senior alumni.
12	**To discuss about Students activities (Quarter-1: 2023-24)** **Discussion and Resolution:** IQAC Coordinator threw light on the status of student activities for 2023-2024. 1. Discuss about Searching & Finalization of Vendor for T-Shirt Printing for Sports Competition. 2. Tech-Fest to be organized in the Month of Feb 2024. 3. Discuss about providing Indoor sports facility to all students all the days including Sunday. Sports director can use students allocated to him under the E & L scheme. 4. Dedicated Space for Cultural activities. 5. Collaboration with a nearby hall for Badminton. 6. Purchasing of GYM equipment. **Responsibility:** Dean SA **Action By:** Dean SA **Action Taken:** 1. Finalized ALKEAN Industries, Alandi as vendor for T Shirt. But due to non availability of funds , it has been decided to print for sports from next academic year.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

2. Tech Event is scheduled on 2 & 4 MAR 2024.
3. Already instructed Atul Wagmare about providing indoor sports facility on all days.
4. Civil Lab is allocated for cultural activities and students have already started it.
5. Badminton hall collaboration is in process.
6. Requirement has already been raised for GYM equipment. Once funds are available , we will start purchasing.

13

To discuss about accreditation status (NAAC & NBA)

Discussion and Resolution: IQAC Coordinator also presented the accreditation status (NAAC & NBA)

NAAC:

A Grade with score 3.15 in Cycle-II for five years from 23rd Oct 2023

NBA:

Civil Engineering- Accredited for three years (2023-2024 to 2025-2026) in Tier-I mode.

All members were congratulated for NAAC and NBA accreditation.

Responsibility: Director, Dy. Director, Registrar, Deans, NBA Coordinator & all Faculty, Staff

Action Taken:

The feasibility of appeal ias been verified and it is decided that instead of appeal, we will apply for reaccreditation after one year.

14

To discuss about Entrepreneurship development cell activity (Quarter-1: 2023-24)

Discussion and Resolution: IQAC Coordinator also presented the Entrepreneurship development cell activity (Quarter-1: 2023-24). Following are the details of the activities conducted.

Entrepreneurial & Innovation Ecosystem	**Target**	**Q1 Result**

Responsibility: Head - ED Cell

Action By: Head, ED Cell

Action Taken:

1. Project to product competition is planned in two phases
   a. Idea to product: for first year students
   b. Project to product: For SY and TY students

   Winners will get seed money for incubating with their idea/ prototype as a prize.
2. Alumni are invited as expert in awareness sessions and other activities conducted under IIC
3. Attended Startup Expo and incubator meetup. Visited/interacted with industries and other incubators for connecting mentors, investors and channel partners
4. MoUs are signed with Incubator of Avantika University and AmpliNxt, Pune

15

To discuss revision in the strategic plan

Discussion and Resolution: IQAC Coordinator also presented the revision in strategic plan for following points.

Sustainability:

1. Proposing the establishment of a Solid Treatment Plant on campus..
2. Plans to enhance the capacity of the existing biogas facilities.
3. Encourage both faculty and students to actively engage in projects that contribute to societal benefits, with a particular focus on clean and affordable energy, biofuels, and other impactful initiatives

A detailed budget requirement for all above points was also discussed.

Responsibility: Registrar, Dean-SChE

Action By: Registrar, Dean SChE

Action Taken:

Three year plan is prepared and budget is allocated in each head. An awareness session has been planned for faculties and students. The details of the budget under each head are mentioned below.

01	**To confirm the previous minutes of meetings and review the action taken report.** **Discussion and Resolution:** The IQAC Coordinator welcomed all members to the meeting. With permission of the chairman, the IQAC Coordinator discussed the agenda of the meeting in his opening remarks. The previous minutes of the meeting (Meeting-1, 2023-24, December 05, 2023) and review on action taken report was discussed and confirmed by all members of IQAC.
02	**To discuss the implementation of the NEP 2020 in curriculum design from the academic year 2023-24**

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Discussion and Resolution: Deputy Director Academics & Research presented the implementation of the NEP 2020 through curriculum structure with effect from the academic year 2023-24. It is discussed and decided that NEP 2020 will be effectively implemented in progressive mode as per guidelines given by SPPU, AICTE, and UGC. Details of curriculum structure are given through following link: https://docs.google.com/document/d/130EgdQ149IKnf-domVn6_roxN5Gs1ZW-Nu24PLJ6kgg/edit?usp=sharing **Responsibility: Dy. Director-AR, All School Deans**
03	**To discuss the value-added courses conducted during term I and planned for term II for the academic year 2023-24** **Discussion and Resolution:** All School Deans presented the value-added courses conducted during term I and planned for term II for the academic year 2023-24. It is decided that each school has to identify value added courses for all students and ensure that 100% students complete at least one value added course per semester. **Details are given in Annexure -I** **Responsibility: All School Deans**
04	**To discuss slow and advanced learner's methodology adopted for the academic year 2023-24 and its implementation** **Discussion and Resolution:** All School Deans presented the slow and advanced learner's methodology adopted for the academic year 2023-24 and its implementation. It is decided that each school/department has to follow the SOP published by the office of Dy. Director-AR and implement the same for all classes to identify slow and advanced learners. Also suggested to conduct activities for slow and advanced learners separately and track the progress of slow learners. **Details are given in Annexure –II** **Responsibility: All School Deans**
05	**To discuss the outcomes of academic audits conducted by each school during Term I of 2023-24.** **Discussion and Resolution**: All School Deans presented the outcomes of academic audits conducted by each school during Term I of 2023-24. The new academic audit form is developed by IQAC and is under review. This form contains qualitative and quantitative matrices based on requirements of NAAC & NBA. Once finalized, all schools have to use the same format for next semester onwards.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Details are given in Annexure –III **Responsibility: All School Deans, Dean QA**
06	**To discuss extension activities conducted through NSS and by schools during the Term-I of the academic year 2023-24** **Discussion and Resolution**: Dean QA presented the extension activities conducted through NSS and by schools during the term -I of the academic year 2023-24. All activities conducted by students/staff/faculty members to external members of society for the benefit of society will be considered as extension activities. It is decided that all schools can conduct extension activities through students and faculty to benefit the society. **Details are given in Annexure –IV** **Responsibility: NSS Coordinator All School Deans, Dean SA**
07	**To discuss a strategic plan for quarter II: 2023-24** **Discussion and Resolution:** All Deans presented the strategic plan for quarter II: 2023-24. It is decided that each focus area coordinator/head should update the status of achievements for every quarter with respect to targets and submit the details to IQAC. **Details are given in Annexure –V** **Responsibility: Dy. Director-AC, Dy. Director-CR, Registrar, School Deans, All Deans, Alumni Coordinator, Head Admission & Marketing, HR Manager, System Administrator, Head ED Cell**
08	**Any other point with permission of Chair.** The IQAC Coordinator informed all members that the IQAC office is in the process of submission of AQAR for the academic year 2022-23. IQAC Coordinator & Dean QA proposed the vote of thanks to all members by expressing gratitude for their active participation in the entire proceedings of the meeting.

Civil	First assignment/last semester marksc	Weak learners: makeup and doubt clearing sessions, Additional assignments/tasks, counselling Bright students: super 30/ GATE preparation support/encouragement to industrial problem solving.	in process

School	Methodology adopted	Implementation	Effectiveness
Design	1. For Foundation year- B. DESIGN CET score. Out of 200 marks, Below 75 is considered as slow learner. Above 105 is Advance learner. 2. For 2nd year and onwards- courses are divided into SKILLS based and TECHNOLOGY based, in which previous semester's internal marks are considered to identify students. Below 55% is slow learner. Above 75% is Advance learner	Additional one to one mentoring by faculty, More time and simpler assignments in the beginning. Team, peer group learning to aid feeling of left out/falling behind. Necessary tools such as models, pictures, animated videos are employed to enhance the learning process of slow learners.	Work in progress, some improvements in some of the students is quite evident through their skill improvements. Few Team exercises initially also make them less anxious.

School	Methodology adopted	Implementation	Effectiveness
E&TC	Formative assessments, Pre-quiste tests, Assessment reforms are carried out.	**for slow learners:** Problem Solving /make up classes one to one interactions in counselling in class participative interaction **Advanced learners:** Super 30 preparation. exposure to industrial projects, Patents drives	3 patents are selected for further process of drafting

01	**To confirm the previous minutes of meetings and review the action taken report.** **Discussion and Resolution:** The IQAC Coordinator welcomed all members to the meeting. With permission of the chairman, the IQAC Coordinator discussed the agenda of the meeting in his opening remarks. The previous minutes of the meeting (Meeting-1, 2023-24, December 05, 2023) and review on action taken report was discussed and confirmed by all members of IQAC.
02	**To discuss the implementation of the NEP 2020 in curriculum design from the academic year 2023-24**

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

Discussion and Resolution: Deputy Director Academics & Research presented the implementation of the NEP 2020 through curriculum structure with effect from the academic year 2023-24.

It is discussed and decided that NEP 2020 will be effectively implemented in progressive mode as per guidelines given by SPPU, AICTE, and UGC.

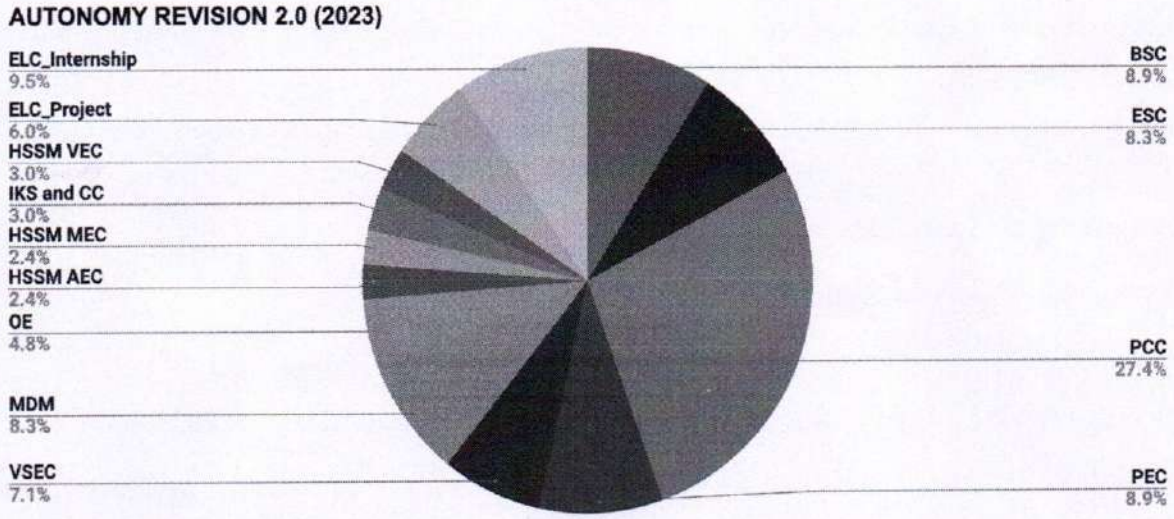
Details of curriculum structure are given through following link:

https://docs.google.com/document/d/130EgdQ149IKnf-domVn6_roxN5Gs1ZW-Nu24PLJ6kgg/edit?usp=sharing

Responsibility: Dy. Director-AR, All School Deans

Action Taken:

The institute is actively engaged in implementing the National Education Policy (NEP). The Credit-based Flexible, Innovative, and Multidisciplinary Curricular Framework at MIT Academy of Engineering is designed on the lines of the National Credit Framework, AICTE Approval Process Handbook, and Government of Maharashtra Directives. Credit Distribution is as per NEP Guidelines with a flexible and comprehensive curriculum.



Chemical: The school is implementing the National Education Policy based on the lines of the National Credit Framework, SY to B.Tech course curriculum is prepared as per NEP. All the courses from FY to B.Tech. as per NEP pattern has been identified.

Computer Engineering: The School of Computer Engineering is going to implement SY, TY and B.Tech course curriculum as per National Education Policy(NEP) following the guidelines of the National Credit Framework. Identification of the courses as per NEP pattern and framed the syllabus for the identified courses for FY, SY, TY and B.Tech.

Civil Engineering: The School is implementing the NEP based on the lines of the National Credit Framework. FY to TY B. Tech. course structure is finalized as per NEP. The b. Tech. Courses are identified. FY B. Tech. and SY B. Tech. Syllabus are being finalized as per the course structure.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

E&TC engineering

The NEP implementation at SEE is well carried out with skill courses like Electronics workshop, ISA and the core courses like LSA. Vedic Mathematics like IKS is very well enjoyed by the students.

Mechanical Engineering: School of Mechanical Engineering has implemented National Educay Policy as per the Guidelines shared by Govt of Maharashtra. Indian Knowledge System, Skill course and core course have been included for first year. UHV and Environment science, Entrepreneurship development has been included in SY B tech along Project and core courses.

FY BTech: School of Humanities and Engineering science has implemented National Educay Policy as per the Guidelines shared by Govt of Maharashtra for first year. Indian Knowledge System, Liberal learning course, Program core, Skill courses are included for first year. Semester 1 results for NEP batch is 92.77 %.

03

To discuss the value-added courses conducted during term I and planned for term II for the academic year 2023-24

Discussion and Resolution: All School Deans presented the value-added courses conducted during term I and planned for term II for the academic year 2023-24.

It is decided that each school has to identify value added courses for all students and ensure that 100% students complete at least one value-added course per semester.

- **Patents Granted**

1. Title: Fuel Blender for Use in Gasoline Engine for Blending Ethanol and Gasoline Fuel.

Patent No.: 467725 (Application No.: 201721008392)

Date of Grant: 09th November 2023

Patentee: Dr. Prafulla Ratnakar Hatte

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

2. Title: System And Method For Forces Measurement In Combined Face And Shoulder Grinding Operation

Patent NO: 468239 (Application No: 201821027111)

Date of Grant : 10th November 2023

Patentee : 1. Maya Madhukar Charde , 2. Namdeo Shankar Rashinkar

3. Title: Mechanism For Removing Leaves And Thorns From Rose Flower Stem.

Patent No.: 440427(Application No.: 201921005801)

Date of Grant: 25th July 2023

Patentee: Dr. Prafulla Ratnakar Hatte

4. Title: Temperature Measurement Technique For Combined Face And Shoulder Grinding Operation

Patent NO: 451164 (Application No: 201721017212)

Date of Grant : 13th September 2023

Patentee : 1. Maya Madhukar Charde , 2. Namdeo Shankar Rashinkar

It is decided that, 1. Each school should conduct different value-added courses for all the students and make sure that each student of the school takes benefit of same. 2. Feedback on curriculum is a continuous process and each school should collect, analyze, and take action on this feedback by stakeholders to upgrade the curriculum. **Details are given in Annexure –I** **Responsibility:** Dy. Director-AR, All School Deans
03	**To discuss the teaching-learning and evaluation process.** **Discussion and Resolution:** Various pedagogical practices and examination reforms implemented by various schools were also discussed. It is decided that Each school has to ensure that various advanced pedagogical practices and examination reforms should be implemented to enhance the teaching-learning process. **Details are given in Annexure –II** **Responsibility:** All School Deans
04	**To discuss the R&D initiatives** **Discussion and Resolution:** Dean R&D presented the R&D initiatives and its impact on number of IPRs, Publication, and Industrial Consultancy. The seed funding amount of Rs. 5,27,847/- is approved as stage –I out of total requested Rs. 23,13,181/- by the institute for various faculty projects was also discussed in detail. It is discussed that maximum faculty members from each school can take benefit of seed funding scheme by submitting quality research proposals. It is also decided that quality publication by faculty and students has to be increased. **Details are given in Annexure –III** **Responsibility:** Dean R&D, All School Deans

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

05	**To discuss the T&P initiatives** **Discussion and Resolution:** Deputy Director CR presented the T&P Status of Student Placement for Years 2023-24. 1. 292 students (2024 batch) have been placed through campus placement with an average package of 6.19 LPA. 2. 475 students (2024 batch) enrolled for the Semester Long Internship Program (SLIP) in Jan-Feb 2024 3. 169 (2024 batch) students have taken the advantage of Year Long Internship Program (YLIP) during the academic year 2023-24. 4. 60+ students (2024 batch) have been selected for SIP+YLIP since 01 May 2024 5. Phase - I training sessions started for the second batch of SUPER 30. 6. Product Audit - II (Technical PI + GD) conducted in April 2024 for TYBTECH students. 39 senior alumni supported the same. **Details are given in Annexure –IV** **Responsibility:** Dy. Director-CR
06	**To discuss the student development initiatives** **Discussion and Resolution:** Dean SA presented the Student Development Activities 1. Students are participating in various competions like Firodiya Karandak, various cultural competitions organized outside MITAOE. (2 Prizes - Dance Competitions), 2. Signed MOU with UinSports for conducting various State / National / International tournaments in collaboration. 3. MITAOE Conducted District Level Chess Tournament (200 Participants), 4. 1st International chess tournament is scheduled at MITAOE from 29 July - 4 August 2024. 5. Start creating Indoor Sports & GYM Facilities for students (In Process). It is decided that student's participation in various university, state and national level events has to be increased. **Responsibility:** Dean SA
07	**To discuss the entrepreneurship development cell initiatives** **Discussion and Resolution:** Head of ED Cell presented the Entrepreneurship development cell initiatives and activities (Quarter-III) 2023-24. 1. Organized Global Entrepreneurship Catalyst Symposium (Oct 2023) 2. A competition is organized for students (Jan 2024) to transform projects to products: 3 groups are awarded with seed funds and registered as incubatee in MITAoE EDF 3. Best performing student volunteers (e-cell and IIC members) of the symposium and P2P competition are rewarded by offering IUCEE course on Entrepreneurship

	4. MOUs signed: 2 (AmpliNxt and Avantika University) 5. Updated marks in the Appraisal form of Faculty: Newly added 5 marks for becoming mentor to startups + 20 marks allocated for registering faculty startup 6. Framed strategies for implementing IIC activities to improve ranking 7. Delivered sessions for outreach: IP awareness and incubation to other institutes, entrepreneurship awareness session for Women organization, etc. 8. MOTAoE EDF website restructured for better engagement- in progress **Details are given in Annexure –V** **Responsibility:** Head - ED Cell
08	**To discuss the status of the strategic plan for quarter III of 2023-24** **Discussion and Resolution:** Dy. Directors, Deans and in-charges presented the status of the strategic plan for quarter III: 2023-24. **Details are given in Annexure –VI** **Responsibility:** Dy. Director-AC, Dy. Director-CR, Registrar, School Deans, All Deans, Alumni Coordinator, Head Admission & Marketing, HR Manager, System Administrator, Head ED Cell
09	**Any other point with the permission of the Chair.** The IQAC Coordinator informed all members that the IQAC office is submitting AQAR for the academic year 2022-23. IQAC Coordinator & Dean QA proposed the vote of thanks to all members by expressing gratitude for their active participation in the entire proceedings of the meeting.

2.c: Curriculum Feedback (2023-24)

School/ Department	Feedback by Students	Feedback by Teachers	Feedback by Alumni	Feedback by Industry
Chemical	•Put courses to AI, ML and other digital advancements in Particular discipline Good curriculum for existing batch	Core subject may be increased & emphasis should be on core subjects	•New and relevant topics such as climate change, supply chain management, modeling and simulation using software tools, etc., should be included in academic curricula. •Process safety related subjects need to include in the syllabus	•New and relevant topics such as climate change, supply chain management, modeling and simulation using software tools, etc., should be included in academic curricula.
Computer	Overall good curriculum structure for current batch	Number of core courses to be increased	Overall curriculum is good and flexible Hybrid mode of course delivery (At least one day)	Overall curriculum is good. RestAPI can be included into curriculum. MDM courses from other departments need to be made available as per industry needs

School/Department	Feedback by Students	Feedback by Teachers	Feedback by Alumni	Feedback by Industry
Civil	Enhanced Industry interaction, Placement in Core Companies,	Inclusion of more core courses.	Add more skill courses in curriculum, add the latest equipments in the laboratory.	Include Emerging Trends courses related to civil engineering industry.
E&TC	Core placements to be enhanced	More core courses	Core concepts to be enhanced,	Inclusion of Skill courses like web technology
Mechanical	Enhanced Industry interaction	Inclusion of more core courses.	Need to strengthen Fundamental Knowledge , Including software courses	Include Emerging Technology related courses. Thrust on Communicatio n skills

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

School/Department	Feedback by Students	Feedback by Teachers	Feedback by Alumni	Feedback by Industry
Design	Course contents & preparation by faculties - Above Average to Very Good.	In some cases, Insufficient time for preparing courses contents, and materials available for labs.	NA	Some of the projects should insist on Practical implementation.
SESH	Very good	Very Good	Aligned with current needs	Included all skills

Teaching-learning and evaluation process

School/Department	Pedagogical initiatives	Examination Reforms
Chemical	Project Based learning: Mini mature Event, Model making event, problem based learning, Experiential Learning: Industrial Visit, Poster presentation, Joyful Learning	Yes, Course: Chemical process Technology Type: Project Based Learning Simulation studies of manufacturing processes
Computer	Problem Based Learning, Project Based Learning. Collaborative learning, Experiential Learning	TY course: Software Engineering TY course: Deep Learning
Civil	Project Based Learning, Problem Based Learning. Collaborative learning, Experiential Learning	Nil

School/Department	Pedagogical initiatives	Examination Reforms
E&TC	Teaching reforms in the courses like EM	Yes Course: Type: Project Based Learning Simulation studies in mathematical models in Electromagnetic Engineering
Mechanical	Project Based Learning, Problem Based Learning. Collaborative learning, Experiential Learning	Project Based Learning- Heat Transfer, Refrigeration and Air Conditioning, Sustainable Design
Design	Emphasis on Creating variety of concepts, Divergent thinking in output.	Jury focusing on only project based courses, for better inputs from Jury members.

Entrepreneurship development cell initiatives

- Organised Global Entrepreneurship Catalyst Symposium (Oct 2023)
- A competition is organised for students (Jan 2024) to transform projects to products: 3 groups are awarded with seed funds and registered as incubatee in MITAoE EDF
- Best performing student volunteers(e-cell and IIC members) of the symposium and P2P competition are rewarded by offering IUCEE course on Entrepreneurship
- MOUs signed: 2 (AmpliNxt and Avantika University)
- Updated marks in the Appraisal form of Faculty: Newly added 5 marks for becoming mentor to startups + 20 marks allocated for registering faculty startup
- Framed strategies for implementing IIC activities to improve ranking
- Delivered sessions for outreach: IP awareness and incubation to other institutes, entrepreneurship awareness session for Women organisation, etc.
- MOTAoE EDF website restructured for better engagement- in progress

2.c: Curriculum Feedback (2023-24)

School/ Department	Feedback by Students	Feedback by Teachers	Feedback by Alumni	Feedback by Industry
Chemical	•Put courses to AI, ML and other digital advancements in Particular discipline Good curriculum for existing batch	Core subject may be increased & emphasis should be on core subjects	•New and relevant topics such as climate change, supply chain management, modeling and simulation using software tools, etc., should be included in academic curricula. •Process safety related subjects need to include in the syllabus	•New and relevant topics such as climate change, supply chain management, modeling and simulation using software tools, etc., should be included in academic curricula.
Computer	Overall good curriculum structure for current batch	Number of core courses to be increased	Overall curriculum is good and flexible Hybrid mode of course delivery (At least one day)	Overall curriculum is good. RestAPI can be included into curriculum. MDM courses from other departments need to be made available as per industry needs

School/Department	Feedback by Students	Feedback by Teachers	Feedback by Alumni	Feedback by Industry
Civil	Enhanced Industry interaction, Placement in Core Companies,	Inclusion of more core courses.	Add more skill courses in curriculum, add the latest equipments in the laboratory.	Include Emerging Trends courses related to civil engineering industry.
E&TC	Core placements to be enhanced	More core courses	Core concepts to be enhanced,	Inclusion of Skill courses like web technology
Mechanical	Enhanced Industry interaction	Inclusion of more core courses.	Need to strengthen Fundamental Knowledge , Including software courses	Include Emerging Technology related courses. Thrust on Communicatio n skills

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

School/Department	Feedback by Students	Feedback by Teachers	Feedback by Alumni	Feedback by Industry
Design	Course contents & preparation by faculties - Above Average to Very Good.	In some cases, Insufficient time for preparing courses contents, and materials available for labs.	NA	Some of the projects should insist on Practical implementation.
SESH	Very good	Very Good	Aligned with current needs	Included all skills

Teaching-learning and evaluation process

School/Department	Pedagogical initiatives	Examination Reforms
Chemical	Project Based learning: Mini mature Event, Model making event, problem based learning, Experiential Learning: Industrial Visit, Poster presentation, Joyful Learning	Yes, Course: Chemical process Technology Type: Project Based Learning Simulation studies of manufacturing processes
Computer	Problem Based Learning, Project Based Learning. Collaborative learning, Experiential Learning	TY course: Software Engineering TY course: Deep Learning
Civil	Project Based Learning, Problem Based Learning. Collaborative learning, Experiential Learning	Nil
E&TC	Teaching reforms in the courses like EM	Yes Course: Type: Project Based Learning Simulation studies in mathematical models in Electromagnetic Engineering
Mechanical	Project Based Learning, Problem Based Learning. Collaborative learning, Experiential Learning	Project Based Learning- Heat Transfer, Refrigeration and Air Conditioning, Sustainable Design
Design	Emphasis on Creating variety of concepts, Divergent thinking in output.	Jury focusing on only project based courses, for better inputs from Jury members.

T&P initiatives

- **292 students (2024 batch)** have been placed through campus placement with average package **6.19 LPA**
- **475 students (2024 batch)** enrolled for Semester Long Internship Program (SLIP) in Jan-Feb 2024
- **169 (2024 batch)** students have taken the advantage of Year Long Internship Program (YLIP) during academic year 2023-24.
- **60+ students (2024 batch)** are selected for SIP+YLIP since 01 May 2024
- Phase - I training sessions started for second batch of **SUPER 30**.
- Product Audit - II (Technical PI + GD) conducted in April 2024 for TYBTECH students. **39 senior alumni** supported for the same.

Entrepreneurship development cell initiatives

- Organised Global Entrepreneurship Catalyst Symposium (Oct 2023)
- A competition is organised for students (Jan 2024) to transform projects to products: 3 groups are awarded with seed funds and registered as incubatee in MITAoE EDF
- Best performing student volunteers(e-cell and IIC members) of the symposium and P2P competition are rewarded by offering IUCEE course on Entrepreneurship
- MOUs signed: 2 (AmpliNxt and Avantika University)
- Updated marks in the Appraisal form of Faculty: Newly added 5 marks for becoming mentor to startups + 20 marks allocated for registering faculty startup
- Framed strategies for implementing IIC activities to improve ranking
- Delivered sessions for outreach: IP awareness and incubation to other institutes, entrepreneurship awareness session for Women organisation, etc.
- MOTAoE EDF website restructured for better engagement- in progress

01	**To confirm the previous minutes of meetings and review the action taken report.** **Discussion and Resolution:** The IQAC Coordinator welcomed all members to the meeting. With permission of the chairman, the IQAC Coordinator discussed the agenda of the meeting in his opening remarks. The previous minutes of the meeting (Meeting-3, 2023-24, May 22nd, 2024) and review on the action taken report were discussed and confirmed by all members of IQAC. **Responsibility:** Dean QA
02	**To discuss the result analysis for academic year 2023-24.** **Discussion and Resolution:** IQAC – Coordinator presented the result analysis for academic year 2023-24 and compared with results of 2021-22 and 2022-23. The result for academic year 2023-24 is lower than previous years. This is mainly due to the online examination conducted during 2021-22 and the quality of student's intake for 2023-24 passing out batch. **Details are given in Annexure –I** **Responsibility:** Dy. Director-AR, All School Deans
03	**To review the strategic plan for 2023-24.** **Discussion and Resolution:** IQAC – Coordinator presented the strategic plan for 2023-24. a. Teaching-leaning Process b. Research and Consultancy c. Student Support & Success

Sustainability

A meeting was conducted on **"Green Campus Sustainability – MIT AoE Review"** for the **Academic Year 2024-2025 on 09th August 2024**. The meeting took place from **3 PM to 4 PM at the CE Office (Room A-002)**.

- The agenda included discussions on Green Campus Sustainability, Sustainability Targets with parameters (2024-27), probable sustainable solutions and implementation on the campus, and raising awareness while setting future agendas. The meeting was attended by **Dr. P. N. Sutar, Dr. M. P. Patil, Mr. K. Kanade, Ms. Swapnali Mohol, Ms. S. Shende, and Mr. Hussain S.** with absences noted from **Mr. S. Kabra and Dr. Shreekant Patil.**

Minutes of Meeting:

1 The meeting was held to discuss Green Campus Sustainability and the process of implementation.

2 Dr. P. N. Sutar elaborated on the processes and steps required for creating sustainable campuses.

3 Ms. S. Mohol highlighted challenges related to resources and difficulties in implementation, offering important points for consideration during the process.

4 Mr. K. Kanade raised concerns regarding the targets for water harvesting, which were thoroughly addressed by Dr. M. P. Patil.

5 Mr. Hussain assured that the projects could be aligned with campus sustainability initiatives and integrated into the Unnat Bharat Abhiyan. Related awareness activities will be initiated during NSS camps.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

6 Ms. S. Shende mentioned that two villages have already been adopted under the Unnat Bharat Abhiyan, with their Civil team actively working on progress and improvement.

7 Dr. M. P. Patil shared the proposed sustainability targets for 2024-27 and suggested that necessary changes could be implemented by the weekend if required by the members.

8 Dr. M. P. Patil gave a vote of thanks to all members who participated in the meeting.

MINUTES OF THE MEETING
The fourth meeting of IQAC for the academic year 2023-2024 was held on Friday, 30th August 2024 at 2.00 pm in blended mode.
Dr. Mahesh Goudar, Director and Chairman-IQAC, presided over the meeting and the following members were present for the meeting,

1. Prof.(Dr.) Sunita Barve
2. Prof. Sunilkumar M.Bhagat
3. Prof. Avinash Bhalerao
4. Prof.(Dr.) Abhijeet Malge
5. Prof. (Dr.) Shyam Shukla
6. Dr. Sandeep Shewale
7. Prof.(Dr.) Dipti Sakhare
8. Prof.(Dr.) Prafulla Hatte
9. Mrs. Vandana Khandelwal

10. Prof.(Dr.) Balasaheb Waphare (Online)
11. Mr. Pravin Pawar (Online)
12. Dr. Suyogkumar Taralkar
13. Mr. Vivek Chavan
14. Ms. Srushti Ghadge
15. Dr. A.D. Patil
16. Dr. V.V. Muthekar

The leave of absence was granted to the following members

1. Prof.(Dr.) Shitalkumar Jain
2. Dr. Vaishali Wangikar
3. Dr. Arika Kotha
4. Prof. (Dr.) Rajeswari Goudar
5. Mr. Shridhar Khandekar
6. Prof. (Dr.) Anant Chakradeo
7. Mr. Anil Bhat
8. Mr. Girish Bora (Online)
9. Mr. Piyush Kumar
10. Dr. Pramod Kothmire

01

To confirm the previous minutes of meetings and review the action taken report.

Discussion and Resolution:
The IQAC Coordinator welcomed all members to the meeting. With permission of the chairman, the IQAC Coordinator discussed the agenda of the meeting in his opening remarks.
The previous minutes of the meeting (Meeting-3, 2023-24, May 22nd, 2024) and review on the action taken report were discussed and confirmed by all members of IQAC.

02

To discuss the result analysis for academic year 2023-24.
Discussion and Resolution: IQAC – Coordinator presented the result analysis for academic year 2023-24 and compared with results of 2021-22 and 2022-23. The result for academic year 2023-24 is lower than previous years. This is mainly due to the online examination conducted during 2021-22 and the quality of student's intake for 2023-24 passing out batch.
Details are given in Annexure –I

Responsibility: School Deans

Action Taken:

Program	Result %	Reason	Action Taken
Chemical	81.54	The quality of students admitted to program is average. The PSYCOLOGY course results was also low.	Remedial classes were conducted for the students who were failed in regular exam.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Civil	93.10	The result of Psychology (83%) was low as compared to the other courses.	Remedial classes and doubt solving sessions were conducted for the failed students.
	Computer	95.15	The result of Database Management System(81.94%) was low as compared to the other courses.	Problem solving session and question paper solving conducted for SY students.
	E&TC		Result was affected due to Psychology	Remedial classes and doubt solving sessions were conducted for the failed students.
	Mechanical	80.42	The result was impacted due to psychology course in final year engineering .	Faculty will identify weak learner's and plan doubt clearing sessions.

03

To review the strategic plan for 2023-24.

Discussion and Resolution: IQAC – Coordinator presented the strategic plan for 2023-24.

a. Teaching-leaning Process
b. Research and Consultancy
c. Student Support & Success
d. Enhanced Student Experience
e. Enhanced Alumni Engagements
f. People & welfare
g. Social Media Connect
h. Entrepreneurship and Innovative Ecosystem
i. Campus & Services
j. Sustainability

Discussion was also carried out on achievements in terms of various rankings during the academic year 2023-24. Following are the details of rankings achieved during the academic year 2023-24.
OBE Ranking– 2024: Diamond,
DIGITAL AND SMART CAMPUS Ranking-2024: Top 250,
SUSTAINABLE INSTITUTIONS OF INDIA GREEN RANKINGS 2024: Gold,
GRADUATE OUTCOME WORLD RANKING-2024: Gold,
India Today Ranking, IIRF, etc.

The chairman of IQAC suggested to participate in Mental Health & Wellbeing (MHW) Rankings 2024-25.

Details are given in Annexure –II

Responsibility: Dy. Director-AC, Dy. Director-CR, Registrar, Dean Chemical

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

	Action Taken: Sustainability: All the targets set and ground level discussion in the last meeting are in process and allocated team is working on it. The task has been given to the allocated team and based on this, team have prepared data spreadsheet and required quotation for the same.
04	**Proposal for new next three-year strategic plan (2024-25 to 2026-27)** **Discussion and Resolution:** IQAC – Coordinator presented the proposal for the next three-year strategic plan (2024-25 to 2026-27) **Details are given in Annexure –III** **Responsibility:** Dy. Director-AR, Dy. Director-CR, Registrar, All School Deans, All Section Head **Action Taken:** **Chemical**: W.r.t accreditation point of view, SChE has conducted NBA MOCK audit and the total score is 571 out of 780 (73.20%) **Civil: -** School Conducted the External NBA Mock Audit on 25/10/2024 and the score is 555 out of 780. **Computer:** NBA mock Audit conducted on 10 October 2024 and total score is 605 out of 780.
05	**Any other point with the permission of Chair.** IQAC Coordinator proposed the vote of thanks to all members by expressing gratitude for their active participation in the entire proceedings of the meeting.

Sustainability

A meeting was conducted on **"Green Campus Sustainability – MIT AoE Review"** for the **Academic Year 2024-2025 on 09th August 2024**. The meeting took place from **3 PM to 4 PM at the CE Office (Room A-002)**.

- The agenda included discussions on Green Campus Sustainability, Sustainability Targets with parameters (2024-27), probable sustainable solutions and implementation on the campus, and raising awareness while setting future agendas. The meeting was attended by **Dr. P. N. Sutar, Dr. M. P. Patil, Mr. K. Kanade, Ms. Swapnali Mohol, Ms. S. Shende, and Mr. Hussain S.** with absences noted from **Mr. S. Kabra and Dr. Shreekant Patil.**

Minutes of Meeting:

1 The meeting was held to discuss Green Campus Sustainability and the process of implementation.

2 Dr. P. N. Sutar elaborated on the processes and steps required for creating sustainable campuses.

3 Ms. S. Mohol highlighted challenges related to resources and difficulties in implementation, offering important points for consideration during the process.

4 Mr. K. Kanade raised concerns regarding the targets for water harvesting, which were thoroughly addressed by Dr. M. P. Patil.

5 Mr. Hussain assured that the projects could be aligned with campus sustainability initiatives and integrated into the Unnat Bharat Abhiyan. Related awareness activities will be initiated during NSS camps.

6 Ms. S. Shende mentioned that two villages have already been adopted under the Unnat Bharat Abhiyan, with their Civil team actively working on progress and improvement.

7 Dr. M. P. Patil shared the proposed sustainability targets for 2024-27 and suggested that necessary changes could be implemented by the weekend if required by the members.

MIT ACADEMY OF ENGINEERING Alandi(D.), Pune-412105

8 Dr. M. P. Patil gave a vote of thanks to all members who participated in the meeting.
